IN CASE YOU HAVEN'T HEARD, ITS NOW OFFICIAL

The White Swan Hunmanby Community Pub Ltd is ready for Action!!

You now have the chance of owning your own Village Community Pub!

• NEXT STEPS

Now that we have official status as an **Industrial & Provident Society** for the benefit of the community we can legally bid for the Pub.

We are working on the Business Plan and Prospectus which, based on your feedback and requests, will explain what the Community Pub will

provide in the way of events and services in the future.

Hopefully it covers everything you want! We will be issuing shares in the Pub in order to raise money for the purchase and refurbishment.

You've already proved to us that lots of you want to invest in the project and we hope many more will join in the campaign to save

an important part of the Village's Heritage **The White Swan**

Lots of Communities have now successfully raised money to buy their pubs whilst, at the same time, providing new services and bringing back lost amenities.
